

# ButterflyEffects™

Transforming Lives Through ABA Therapy

Evidence-Based Treatment for children  
affected by Autism Spectrum Disorder

# ButterflyEffects™

Transforming Lives Through ABA Therapy

Butterfly Effects provides home-based treatment addressing the needs of children and families affected by Autism Spectrum Disorder (ASD). Butterfly Effects implements treatment based on the science of Applied Behavior Analysis (ABA).

Our staff is comprised of Board Certified Behavior Analysts (BCBA) and Behavior Technicians that work with families in natural settings to develop socially important treatment goals. Butterfly Effects staff addresses behavioral challenges, functional communication skills, and social skills. Our family-centered service model combines the science of behavior change, family participation, collaboration, and compassion.
