CAPTAIN

SAN DIEGO-IMPERIAL COUNTIES

What is CAPTAIN?

CAPTAIN

The California Autism Professional Training and Information Network (CAPTAIN) is a cross agency network developed to support the understanding and use of evidence based practices for individuals with autism spectrum disorder (ASD) across the state of California.

CAPTAIN SAN DIEGO/IMPERIAL COUNTIES

CAPTAIN San Diego/Imperial Counties is the regional branch of the statewide organization, composed of cadre members. The local cadre members set annual goals for regional coordination and outreach.

CAPTAIN IS DEDICATED TO:

- Providing statewide access to trainings and resources in Evidence Based Practices (EBPs) that are culturally sensitive, family centered, cost effective, and competency based.
- Establishing supports that are locally based with trainer of trainers at the local level.
- Emphasizing how to use EBPs to assist students in accessing the California Common Core State Standards and developing College and Career Readiness.
- Providing ongoing training, support, and technical assistance to implement EBPs and ensure fidelity of implementation.
- Supporting the development of local multiagency collaborations to support consistent use of EBPs.
- Providing an annual training summit and a forum for collegial communication and support to CAPTAIN Cadre members.
- Providing web based access to materials and resources that are vetted and align with current EBPs.
- Providing information and outreach to other interested stakeholders and provider groups who could benefit from learning more about EBPs (E.g. Professional Organizations, Higher Education, Self-Advocates, Allied Health Providers)

ABOUT OUR MEMBERS

Cadre members are nominated by SELPAs, Regional Centers, and Family Resource/Family Empowerment Centers. They receive training through our annual summit so that they can provide local training, implementation coaching, cross agency collaboration, and dissemination of the EBPs at the local level. Cadre members have access to the NPDC-ASD and CAPTAIN training materials and will assist with the statewide distribution of the EBPs by providing support and training locally.
