## HOPE GOES THE EXTRA MILE

**For your amazing, brilliant, unique child**

Hope Comprehensive Center for Development is equipped to give your child only the best experiences when it comes to learning alongside our well-trained therapists. A few things that set us apart:

- We combine research-based methodologies and play in a naturalistic environment.
- We focus on rapport building & small caseloads for truly individualized programs.
- Our Clinical Director brings over 10 years of experience working with military families.
- We are veteran-owned and the sister company of Hope Speech and Language Therapy, serving Riverside County since 2014.
