

KIDS INVITED!

FOR A BRAIN IMAGING STUDY IN AUTISM!

Scientists at the **BRAIN DEVELOPMENT IMAGING LABS** at **SAN DIEGO STATE UNIVERSITY** are looking for young children with autism spectrum disorders (ASD) to participate in a research study of how vision and touch affect kids' brains!

WHO

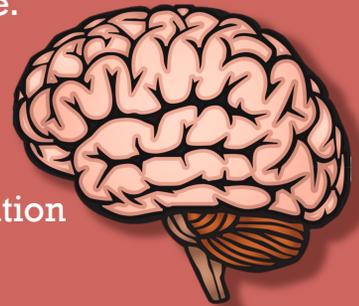

Children aged 4 to 7 years who have a diagnosis of ASD and no metal in their body can participate.

HOW

Visit us 3 times:

- 1) Developmental & diagnostic evaluation
- 2) Look at and feel objects and toys
- 3) Brain scan!

TIME COMMITMENT

About 5 hours total for 3 visits. Depending on your child's age, we may ask you to repeat these steps once more in 2 years. All participants will receive \$ for their time and a free picture of their brain!

CONTACT

Please call (619) 594 – 0176 or email BDIL@sdsu.edu
