

Sierra Academy provides an individualized learning experience within a comprehensive program designed to help children with autism and other learning disabilities achieve a higher quality of life. Serving students from ages 6 to 22, we provide a safe and nurturing environment that addresses each student's unique challenges—academic, communication, behavioral, and social—in a continuous positive cycle of learning and advancement.

Our rotational model of small group instruction allows for personalized instruction that builds on each child's particular strengths and expertly targets identified deficits. Our highly trained, nurturing staff guides students who learn differently to an unprecedented level of success in all facets of their lives. Enabling and empowering students to direct their own lives is key to our approach.
